

## Mini Branch Connector

**Prysmian Part Number: XBFSC00393 (pack of 10)**

The Mini Branch Connector is a small single piece snap fit closure. It is used to join a 7mm duct and enable retracted fibres to be spurred off into a 4mm branch duct. The unit is used to connect the ducts mechanically and does not offer any protection against the ingress of water. The Connector is supplied as a pack of 10 pieces.

## Features and Benefits

- Small compact snap fit single piece closure for connecting ducts / tubes.
- Two 7mm ports for connecting the 7mm duct.
- One 4mm branch port for spurring of fibres through a 4mm duct.
- Can be used to cut an existing 7mm duct and re-connect it mechanically whilst leaving the fibres passing through in tact. The required fibres can then be accessed, retracted and spurred off into a 4mm branch duct.
- For mechanical connection only. The unit is not sealed.

## Kit Contents

10 Mini Branch Connectors are supplied in a bag.

## Technical Data

- Required space envelope (mm): (w) 66 x (h) 36 x (d) 25 mm
- Material: Polypropylene 10% GF
- Colour: Natural (semi Transparent)
- Duct Pull Out Retention: > 40N (7mm port)  
> 15N (4mm port)

## Logistics

- Packing Dimensions (mm): 150 (w) 100 (h) 35 (d)
- Weight (kg): 0.74
